As your neighborhood professionals with years of combined experience we are continually striving to improve our service to offer our very best to each and every client. As an experienced Broker, and a former educator, Valerie brings to the table 22 years of real estate experience. In her career she has received the designations/certifications of GRI (Graduate Realtor Institute), ABR (Accredited Buyer Representative) and e-PRO (Internet Professional).

Ryan is a graduate of The University of Oklahoma with a Finance degree and comes with not only banking experience, but building experience as well. He began his real estate career in 2006 by remodeling a home in the "M" streets of Dallas, a wonderful collection of old English style Tudor homes.

To learn more about who we are, and more importantly how we can help you, visit us at www.CovenantRealtyCorp.com. At the site, you will have the opportunity to read up on any real estate topic you so choose under our Real Estate 101 section. Maybe you're more visual. Check out the video of our real estate team under the YouTube icon located on the home page. Interested in doing a simple search of live properties? Utilize the quick search tool we have on the front page of our site.

While we truly hate to see our neighbors leave, we sincerely want to help you with all your real estate needs when the time comes. Many of our neighbors have even decided to move within Pitman Creek. Even more importantly, remember that you do not have to be moving or even thinking about moving to avail yourselves of our professional knowledge of the market and real estate industry in general. We have a history of helping our neighbors fight their tax appraisals when the appraisal district has gotten a bit "over the top" with the valuations.

With our offices located on 15th Street in downtown Plano, or Valerie's home on Carmel Drive, we are literally just down the block. Give us a call!

Sincerely,
Valerie Kirkpatrick, Broker
